

IPR NAMED ONE OF THE FASTEST-GROWING PRIVATE COMPANIES IN THE UNITED STATES BY *INC.* MAGAZINE FOR FOURTH CONSECUTIVE YEAR

DETROIT, October 6, 2011 — IPR, a leading national provider of underground rehabilitation solutions with offices throughout the United States, has earned a position on the *Inc.* 5,000 list of the fastest-growing private companies for the fourth-consecutive year. IPR President and CEO Joseph A. Cutillo made the announcement.

The *Inc.* 5,000 is an extension of *Inc.* magazine's annual *Inc.* 500 list and recognizes privately held firms that have demonstrated substantial growth over the past three years. These exceptional companies combine to form the backbone of the American economy.

IPR has been consistently recognized for its non-invasive, trenchless approach to underground solutions. Its cutting-edge methods provide clients the most efficient and effective pipe restructuring and repair through the use of underground infrastructure maintenance and green technology, producing little to no disruption to area businesses and communities.

"We are once again honored and humbled to be nationally recognized as one of the *Inc.* 5,000," said Cutillo. "We have experienced significant growth nationwide over the past year, and as the need for our services continues to expand, we look forward to exceeding client requests and expectations throughout the country."

IPR is a national leader and provider of underground rehabilitation solutions, with offices in six states throughout the United States, including CA, GA, FL, MI, TN, and TX. Licensed in over 25 states, IPR uses the latest technologies in the industry and has patented pipe cleaning tools that provide the U.S. with the only "Green" environmentally friendly rehabilitation method.
